

## Licensing Support Program Application

[Shellfish Aquaculture Sustainability Enhancement Program](#)

---

License Holder Name: \_\_\_\_\_

Landfile(s): \_\_\_\_\_

The intent of this document is for Program Participants in the BCSGA Licensing Support Program to provide a detailed summary of their licensing support needs. Please describe the licensing support required for each tenure and include the 7-digit landfile number and any pertinent information associated with the file(s) and current challenges.

Please provide a detailed description of the licensing support needed for your farm(s) and include the current authorized infrastructure, and what changes you need to support your business development:

**Signing:** Signing below indicates that the information in this application is correct and that the application form with the confidentiality section redacted will be used as part of the program deliverables
